

Dear Colleagues,

The Puerto Rico Energy Center (PREC), the Ing. José Domingo Pérez School of Engineering, and the School of Natural Sciences and Technology at Universidad Ana G. Mendez Recinto de Gurabo, are pleased to invite you to the **X Puerto Rico Energy Center (PREC) Symposium** to be held on August 30<sup>th</sup> in the Library Museum Governor Pedro Rosselló, located at the Universidad Ana G. Mendez Recinto de Gurabo in Gurabo, Puerto Rico. This year the main topic of the symposium is Energy and Resiliency.

The program provides networking opportunities for professional, R&D, and educational experts with business leaders, investors, and exponents of leading technologies. The Symposium will feature keynote presentations, technical sessions and exhibitions related to the main topic of Energy and Resiliency.

Prospective participants are invited to submit their abstracts through the [electronic form](#) located at the symposium website on or before July 15, 2019. Authors whose abstracts are accepted will be notified on July 30<sup>th</sup>, 2019. Abstracts should be written in English in accordance with PREC required format and accepted subject to a peer review. Accepted abstracts will be published in the Symposium Proceedings.

Select which one of the following tracks is more relevant to your project:

- Clean Technologies Energy Systems
- Environmental Analysis & Management
- Renewable Energy
- Business Continuity
- Disaster Recovery
- Emergency management

For more information please contact: [symposium@prec.pr](mailto:symposium@prec.pr).

Cordially

**Amaury Malavé, Ph.D.**
